7th March 2015.

Dear Mrs Lykes.

I would like to express my thanks for giving me the opportunity to visit Chilton Primary School last Thursday. I could not have chosen a better day for my return visit, the first since 1986. I was very touched by the special welcome and Tyler and Victoria were first class ambassadors for your school.

It was lovely to have the chance to meet your staff, and have the time to engage with your pupils who were delightful and in no way in awe of their visitor. I hope they enjoyed the visit as much as I did.

I personally could see first hand the excellent use you have made of all the facilities and having a background in education I fully recognised the vision, planning, determination and dedication that are required to meet the needs of your pupils.

You and your team should be very proud of all that you have accomplished at Chilton; you have a happy school, providing a rich learning environment for all those in your care.

Well done to you all.

Every good wish.
Sue S
