Sports Premium 2019/20

At Chilton Academy, we believe that PE and Sport has the potential to change young people's lives for the better.

Through PE and sport our children learn to develop the important qualities of discipline, resilience, communication, team work and ambition leading to improved concentration, attitude and academic achievement.

We are committed to using the additional funding to improve provision of PE and sport through developing high quality PE lessons and improved resources, alongside greater opportunities for sporting competitions and clubs.
