## Your Views

The Governing Body of Chilton Primary School value highly the views of all of its stakeholders, including pupils, parents staff and other community groups. Your views will be collected and considered by the Governors, who will then make a final decision on the direction of travel for the school going forwards.

If, following consultation, the Governing Body believes that this is indeed the best course of action to take, the school would submit an academy conversion application to the Department for Education. The Department for Education would consider the application and make a final decision as to whether to grant Chilton Primary School an academy conversion order. Once the academy conversion order is granted it usually takes 4 months for the conversion to take place.

## How can you communicate your views?
